WASHINGTON, D. C. 20505

Office of Legislative Counsel

OLC 78-1367/D

26 September 1978

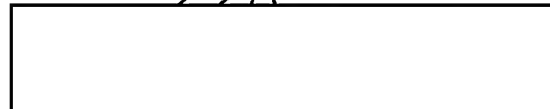

Mr. Simon Lazarus
Associate Director
Domestic Policy Staff
The White House
Washington, D.C. 20500

Dear Si:

Thank you for providing me a copy of the "Administration Fact Sheet on Title II of the Ethics in Government Act (H.R. 1)" last week. The opposition stated therein to the "Mazzoli amendment" is, of course, fully in accord with our position.

As I mentioned to you last week, we have been in contact with Representative Mazzoli's staff and with the staff of the House Permanent Select Committee on Intelligence in an effort to develop an amendment to subsection 205(a) of the bill that would meet the Congressman's concerns and reflect our needs on the matter of financial reports by intelligence officers. We have, in fact, worked out such an amendment. It was placed in the Congressional Record on 20 September 1978; a copy is enclosed. We will keep you advised if anything else develops in this matter. Thank you for your help.

Sincerely,

Assistant Legislative Counsel

H.R. 12611

By Mr. McHUGH:

—Page 117, line 14, at the end thereof, insert the following new subsections to the proposed new section 419:

"ESSENTIAL AIR TRANSPORTATION"

"(e)(1) For the purposes of this section, 'essential air transportation' means scheduled air transportation of persons of the extent, character, and quality which the Board finds necessary to satisfy the needs of the community concerned for air transportation to one or more communities of interest and to insure the community's access to the Nation's air transportation at rates, fares, and charges which are not unjust, unreasonable, unjustly discriminatory, unduly preferential, or unduly prejudicial."

"(2) In no case shall the extent of essential air transportation be determined by the Board to be less than two daily round trips, five days per week, to at least one community of interest."

"(3) In determining the criteria for the character and quality of essential air transportation, the Board shall consider the community's needs for among other services, the frequency of service, the advance reservation of passenger seats, baggage handling and insurance, pressurized or other specialized equipment, timely departures and arrivals, joint fares, and the establishment of single plane or connecting plane service to points beyond the primary community or communities of interest."

"(4) As soon as practicable after enactment of this section, but no later than Jan-

uary 1, 1980, the Board shall, by rule, and after the consultation required by subsection (c), establish the criteria for essential air transportation for all points specified in subsection (a)(1).

"CONTINUITY OF GUARANTEED ESSENTIAL AIR TRANSPORTATION"

"(f)(1) No air carrier shall terminate, suspend, or reduce air transportation to any point specified in subsection (a)(1) below the standards of essential air transportation established by the Board unless such air carrier has given the Board, the appropriate State agency or agencies, and the communities affected at least 90 days notice of its intent to do so.

"(2) Upon receipt of a notice required by subsection (f)(1) for a point specified in subsection (a)(1), the Board shall require the air carrier to postpone such termination, suspension, or reduction in service until another air carrier has begun to provide essential air transportation. If the Board requires an air carrier to postpone an intended service change for more than 90 days, then the Board shall, in accordance with the procedures of subsection (b), compensate such air carrier for any losses that the air carrier demonstrates that it incurred in complying with this requirement, unless such air carrier is already provided compensation under this section or section 406.

"(3) With respect to any point specified in subsection (a)(1), unless the Board has completed the consultation required by subsection (c) and determined the essential air transportation for such point, either individually or by rules adopted under (e)(4), the Board shall, upon petition of any appropriate representative of such point, prohibit any termination, suspension, or reduction of air transportation which reasonably appears to deprive such point of essential air transportation, until the Board has completed such determination.

"(4) The Board's authority under this subsection shall cease to be in effect on the last day of the tenth year which begins after the date of enactment of this section."
